

Senior Android Developer
Pune, India
January 2018

A Career Opportunity with CellPoint Mobile (www.cellpointmobile.com)

CellPoint Mobile, a leading provider of omnichannel payment and commerce solutions to global clients, is experiencing tremendous growth and seeking an experienced Android Developer for a position in Pune.

CellPoint Mobile is particularly interested in candidates who can write gorgeous code for the Android platform and who have experience developing payment solutions. Ability and willingness to upgrade technical skill, and a penchant for elegant design are a must. A working knowledge of transportation and payment system standards is beneficial.

Responsibilities

- Deliver fantastic Android apps to customers and end users
- Write flexible and maintainable code optimized for Android
- Collaborate with designers and project managers to create UX-oriented and first-class solutions
- Engage and participate in defining strong APIs and integrating against middleware services
- Drive and maintain the highest quality standards, from implementation to end-user experience

General requirements

- A strong understanding of object oriented programming and design patterns
- A "best practices" approach and a passion for code quality
- A track record of customer engagement from a Consulting perspective

Key Professional Requirements

- Deep knowledge of Java, Android SDK and building apps for a wide range of devices
- Knowledge of RxJava, and design patterns like MVVM

- Experience with RESTful web services is good to have
- Experience with app deployment to Google Play store
- Demonstrated ability to implement UI frameworks and UX that go beyond Android UI elements
- Experience with version control (GIT) and continuous integration
- Experience working with Google support libraries
- Understanding of cross-platform development and server-side technology, and aspiration of becoming a full-stack developer are added advantages
- Excellent communications skills, in English language fluency (written and oral skills)

Key Personal skills

You must be as enthusiastic as we are about developing projects in close contact with our customers and partners in a dynamic and professional international environment. The ideal candidate will:

- Be a team player who is also able to work independently
- Proactive mind-set and willing to take the initiative
- Positive attitude and good communication skills

Working at CellPoint Mobile

If you are interested in this exciting career opportunity, join CellPoint Mobile and expand your portfolio of mastered skills to include all the latest technologies. The position is based at our office in Pune.

We offer:

- A career position with strong potential for fast and continuous growth of technological and functional skills, within an innovative work culture
- High chances of customer-facing roles and possibility of international travel
- Great colleagues, clients, partners and projects - global IT challenges
- A full-time position, starting as soon as possible
- Competitive salary based on experience and qualifications

We are looking for a candidate who can join us immediately or who can join us in a month's time.
